

**Recommended bike ride from The Grouse House
Avoiding as much traffic as possible. It ends up
at the Catskill compound for the Columbo Family**

 Small Highway with stripes - Ride single file as close to right white line as possible

 Great Backroads for bikers!

The longer "Columbo Compound" loop is about an 11 mile ride. It IS the foothills so you should be a regular rider in good shape. And wear a helmet.

If you take the "alternate" short cut - the loop cuts to a 7 mile ride
